Unit 2 Materials

Designed in conjunction with Pearson Early Learning, our Opening the World of Learning (OWL) Manipulative Kit is packed with materials that maximize learning for preschool-aged children.

Our all-in-one kit is designed to blend seamlessly with any early learning program, and is available only from Lakeshore.

Featuring everything from puzzles & puppets to alphabet stamps and science tubs, the kit is divided into six themed units that align to the OWL program: Family, Friends, Wind & Water, The World of Color, Shadows & Reflections, and Things That Grow.

Lakeshore believes our customized Pearson Kit will align with the goals of the New Jersey Preschool Teaching & Learning Expectations: Standards of Quality—strengthening families and communities through quality pre-kindergarten partnerships.

This Pre-K kit makes it easy for you to obtain both an integrated, comprehensive Pre-K curriculum and a full array of related manipulatives to make learning an engaging, hands-on experience for young students every day.

Introducing Lakeshore's Pre-Kindergarten Science Kit

Standards Met:

- Students gather information using simple tools.
- Students use one or more of their senses to observe and learn about objects and events.
- Students describe observations in their own words.
- Students make predictions about what will happen next, based on previous experience.
- Students sort objects into groups and describe how the groups were organized.
- Students compare objects and identify similarities and differences.
- Students begin to use scientific terms to describe things.

Lakeshore Pre-K Science Kit

Filled with hands-on tools and step-by-step activity cards, this outstanding kit enables young learners to explore science topics at their own level—and meet key educational objectives.

Children use simple tools, make observations and predictions, identify similarities & differences, compare objects, use basic scientific terms, and more—all at their level!
