Introduction

Lakeshore is delighted to offer a range of tools and materials to enhance your after school programs. Developed with a sound educational basis—but with a strong element of fun—these materials supplement the curriculum of the normal school day, get students outdoors and physically active, and provide a safe and comfortable environment for children to grow and learn.

Lakeshore determines product development needs based on:

- Research into the latest trends in elementary education
- Consultation with educators from across the United States
- Structured and unstructured classroom observation

We've correlated items in this catalog to California's content standards!
