About This Catalog

Lakeshore understands the importance of creating a high-quality after school program that provides enriching educational experiences outside of the classroom. That's why we offer comprehensive resources that support academics and create a nurturing environment where students can grow and learn.

Research shows that a strong after school program can increase a child's performance in school...and improve students' attitudes about both school & future learning. Our materials help contribute to a strong after school program by:

- **Motivating students of all levels and abilities... including reluctant learners**
- **Ensuring quality instruction that supports the school curriculum**
- **Creating a comfortable, organized environment designed to foster learning**

With 58 years of experience meeting the needs of educators, Lakeshore is committed to the success of every student. We know that children's experiences outside of the classroom have a lasting impact on their intellectual and social development...and that after school programs can help students and their families develop strong connections to their schools and communities.
