Suggested Materials for Family Child Care Environment Rating Scale Revised Edition

2695 E. Dominguez St. • Carson, CA 90895 • (800) 778-4456
www.lakeshorelearning.com

Evaluating your family child care setting is an essential step toward ensuring that children experience the best possible care while they are with you. The criteria that are detailed in the *Family Child Care Environment Rating Scale—Revised Edition* (by Thelma Harms, Debby Cryer, and Richard M. Clifford) provide an easy-to-use, systematic method for determining where your program already excels...and where it could be made even better!

Your assessment might inspire some exciting ideas for simple changes you can make, such as rearranging furniture, establishing new routines, or adding new equipment. Whether you're improving an existing program, developing a new program, or preparing for accreditation, Lakeshore Learning Materials offers top-quality, caregiver-tested furniture, equipment, and educational supplies that are designed to meet all of your family day care needs. To help you make the best purchasing decisions, we've organized a list of specially selected products that correspond to the rating categories in the *Family Child Care Environment Rating Scale—Revised Edition*. The page numbers listed after the items provide a quick reference to our Early Childhood catalog, where you will find pictures and extensive details about each item on the list.

After you've made your selections, simply complete the order form and return it to us. If you have any questions about your order or our products, don't hesitate to call our toll-free number for Customer Service: (800) 428-4414. Or, visit our website at www.lakeshorelearning.com, where online ordering is fast, safe, and secure!

If your child care environment includes the care of infants and toddlers, we urge you to contact Customer Service at the number above. We can help you determine which materials are both safe and developmentally appropriate for this age group.
