Materials for Transitional Kindergarten (TK) Programs

About this Catalog

To help school districts across California develop successful Transitional Kindergarten programs, we have filled this catalog with materials targeting the specific developmental needs of “young fives.” Using the Transitional Kindergarten (TK) Planning Guide, California Preschool Learning Foundations, and California’s Common Core Standards for kindergarten as our guidelines, we have selected products that foster essential skills related to:

- Language Arts
- Mathematics
- History/Social Science
- Visual and Performing Arts
- Social-Emotional Development
- Science
- Physical Education

The use of these materials will help to provide younger children with an enriching environment that supports academic, physical and social growth in a manner that reflects their current stage of development. Combined with a modified kindergarten curriculum, these materials will promote greater school readiness for kindergarten and beyond!

TK Model Classroom designed by the Orange County Department of Education (OCDE) Early Intervention for School Success (EISS).
