### How to Make It

*NOTE: To make it easier for crafters to use the tacky glue, try pouring small amounts into collage bowls (or paper bowls). Then provide crafters with paintbrushes for spreading the glue onto their craft.*

- 1 Invite each crafter to fold a piece of construction paper in half. Tell them to fold it horizontally for short, thick cards or vertically for tall, skinny cards.
- 2 Assist crafters in creating the 3-D flowers. Have them glue a standard cupcake liner where they would like to put a flower. Then help them glue a mini cupcake liner into the center of the larger one.
- 3 Invite crafters to decorate their cards with pipe-stem flower stems and other collage materials.
- 4 Once the materials dry, have each crafter add a message inside the card to show Mom how much they care!
