- Best-Buy Scissors - Blunt-Tip (TS547)
- Tacky Glue (TG170)

MISCELLANEOUS ITEMS:

- Paper cups

How to Make It

- 1 Invite crafters to color a paper cup yellow. Advise crafters to use the available arts and crafts materials to decorate the cup to look like a beehive.
- 2 Have crafters use the foam shapes and pom-poms to create "bees." Now help crafters add the bees to their house by gluing them right on or attaching them with pipe stems. Direct crafters to add a "bee" to the end of a pipe stem by wrapping the pipe stem end around the bee's body. Assist crafters in curling the pipe stem with their fingers.
- 3 Assist crafters in carefully punching the loose end of the pipe stem through the cup and bending it to secure it in place. Crafters can even reposition their bees by bending the pipe stem in different directions.
- 4 Once the materials dry, this adorable beehive craft will be all the buzz!
