How to Make It

- 1 Tell crafters to turn a paper bowl upside down and paint it using Regular Dot Art Painters. Encourage them to decorate the bowl (the body of the jellyfish) by adding Wiggly Eyes and other details.
- 2 Help crafters add a hole to the top of the bowl, thread both ends of a yarn lace through the hole and knot the lace's ends.
- 3 Have crafters pull the knotted end of the lace away from the hole and hook eight to ten pipe stems onto the lace, twisting the ends of the pipe stems to secure them.
- 4 Invite crafters to bend the pipe-stem tentacles accordion-style, curl them or leave them straight.
- 5 Advise crafters to pull the top of the lace up and tuck the jellyfish's tentacles into the middle of the bowl. Have crafters add a small piece of craft tape over the hole at the top of the bowl.
- 6 Once everything dries, this colorful jellyfish is ready for fun!
