### What You'll Need

#### AVAILABLE IN OUR STORES:

- Jumbo Colored Craft Sticks (HL125)
- Craft Sticks (FT2496)
- Flexible Foam Shapes (LC2831)
- Craft Tape Pack - 1" Bright Colors (SD742)
- Best-Buy Washable Broad-Tip Markers (JJ438)
- Best-Buy Scissors - Blunt-Tip (TS547)
- Tacky Glue - 4 Ounces (TG170)

### How to Make It

- 1 Invite crafters to create a base by lining up eight jumbo craft sticks and securing them together using two to three strips of craft tape. Have crafters turn the base over so the tape is facedown.
- 2 Direct crafters to stack and glue together four additional jumbo craft sticks. Have crafters align the stack so it runs along one of the base's edges and is perpendicular to the sticks making up the base. Ask crafters to glue the stack in place and repeat the process using four more sticks on the opposite edge of the base. Then ask crafters to stack and glue together four regular craft sticks and glue them along the bottom edge of the base. These craft sticks will fit in between the jumbo craft sticks found at the base's edges.
- 3 Help crafters gather four jumbo craft sticks and glue each stick on top of the craft sticks found along the base's bottom and edges. These craft sticks will be parallel to the sticks making up the base.
- 4 Have crafters decorate the recipe box using the available arts and crafts materials.
- 5 Once all the materials dry, this one-of-a-kind recipe holder will make the perfect Mother's Day gift!
