How to Make It

- 1 Have crafters fit a small piece of cardboard or tagboard inside a tote bag. This will prevent the art materials from bleeding through the bag.
- 2 Help crafters draw a tic-tac-toe frame on the bag. Invite them to decorate the frame by lining it with pipe stems or by coloring the squares using Mini Dot Art Painters.
- 3 Once the materials dry, have crafters remove the protective insert.
- 4 Provide crafters with Double-Sided Counters, and challenge them to a friendly game of tic-tac-toe!
